What is KatoLunch.com?

Kato Lunch was organized for the purpose of providing people in the Mankato area with one web site where they can decide what to eat for lunch. It is our goal to provide web site visitors with an easy way to access Mankato's restaurants and their menus. KatoLunch.com provides a fast and efficient interface to easily seek any kind of food the public might be interested in for lunch. The web site also allows Mankato restaurants to advertise their businesses on the internet, provide coupons and specials to Kato Lunch visitors and stay informed of what their customers are thinking. Lunch is just a click away at KatoLunch.com!
